PROJECT TITLE: City of Lemoore Alley Waterline
Replacement Project From Fox St to Follett St

PROJECT APPLICANT: City of Lemoore

PROJECT LOCATION – Specific: This project is in the City of Lemoore at the alleyways between Fox St and Follett St between C St and D St & D St and E St.

PROJECT LOCATION – City: Lemoore **County:** Kings

PROJECT DESCRIPTION: The purpose of this project is to replace the existing waterline within the City alleys described above and reconstruct the existing alley approaches. The work includes, but is not limited to, trenching, installing the replacement waterline, reconnecting existing water services, and restoring pavement and concrete within the existing right-of-way. The project will benefit the residents and businesses served by the City of Lemoore water system.

KINGS COUNTY CLERK

John Pasaron

I declare, under penalty of perjury, that on the date below I posted a copy of this notice in the office of the County Clerk that said notice remained posted for 30 days. 10/22/26

Date
KRISTINE LEE, County Clerk Recorder
By *John Pasaron* Deputy

Government Code Section 27383 – No fee shall be charged by the recorder for services rendered to the State, to any municipality, county in the State or other political subdivision thereof, except for making a copy of a paper or record. (Added by Stats. 1955, Ch. 488.)

REASONS WHY PROJECT IS EXEMPT:

The project replaces an existing waterline within existing City alley right-of-way. The replacement waterline will be located on the same site and will have substantially the same purpose and capacity as the facility it replaces, involving negligible or no expansion of capacity, and is exempt under Class 2, 14 CCR 15302(c). The reconstruction of the existing alley approaches is a minor alteration of existing streets, sidewalks, gutters, and similar facilities that does not create additional automobile lanes, and the waterline work is a minor alteration of an existing publicly owned utility facility; both involve negligible or no expansion of existing use and are exempt under Class 1, 14 CCR 15301(b) and (c). None of the exceptions in 14 CCR 15300.2 apply: the project will not result in a significant cumulative impact; there are no unusual circumstances creating a reasonable possibility of a significant effect on the environment; the project is not within a designated state scenic highway; the project site is not included on any list compiled pursuant to Government Code Section 65962.5; and the project will not cause a substantial adverse change in the significance of a historical resource.
