Project Title: Parking Access and Revenue Control Systems (PARCS) – PSP 24-049

Project Applicant: Palm Springs International Airport

Project Location (Specific): Palm Springs International Airport., 3400 E. Tahquitz Canyon Way, Suite 1 Palm Springs, CA 92262

Project Location (City): City of Palm Springs **Project Location (County):** Riverside

Project Description: The PARCS Project will upgrade the existing parking infrastructure at Palm Springs International Airport (PSP), within the existing parking lot A, B, C, D, and the overflow lot. The project will replace aging and unreliable components with an integrated, user-friendly system that supports advanced parking reservations, LPR (License Plate Reader) cameras, and seamless, contactless payment options. The project will improve system performance and reliability by reusing existing gate mechanisms, refurbishing equipment, installing new LED lighting, and implementing directional boring and an integrated communications network to support connectivity throughout the airport parking facilities.
