NOTICE OF EXEMPTION

Project Title:
6005 Oak Ave Fence (UPM)

Control Number:
PLNP2026-00101

Project Location:
The project is located at 6005 Oak Ave, Carmichael, CA 95608, approximately 225 feet east of the intersection between Ranells Ct and Oak Ave on the north side.

APN:
283-0430-009-0000

Description of Project:
The project consists of a Minor Use Permit to allow a 7-foot fence in the front yard of a property located in the RD-1 zone.

Name of Public Agency Approving Project:
Sacramento County – ceqa@saccounty.gov

Hearing Body Approving Project:
Planning Director

Person or Agency Carrying out Project:
Marielle Knapp
6005 Oak Ave
Carmichael, CA 95608
831-600-6779
bradielle@gmail.com

Exempt Status:
Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15303 – New Construction or Conversion of Small Structures

Reasons Why Project is Exempt:
The applicant requests the addition of a 7-foot-tall solid fence to be located in the front yard of a single-family dwelling. Section 15303 exempts New Construction or Conversion of Small Structures, such as accessory (appurtenant) structures including garages, carports, patios, swimming pools, and fences. The addition of a fence to an existing dwelling is covered under Section 15303 of the CEQA Guidelines and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

   The project site is not located near any environmental resources or hazards. Therefore, construction of the project will not result in impacts on an environmental resource of hazardous or critical concern

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

   As it stands, the project will not result in potentially significant impacts. The installation of a fence in the front yard will not result in any changes of use, intensity, or density. Therefore, no cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

   There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

   River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

   The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

   The project site does not contain any historical resources.
