Present Land Use/Zoning/General Plan Designation: Grazing Land and Urban and Built-Up Land (Solano County), Agricultural Crop Land (Sacramento County), Agricultural Lands (Contra Costa County).

Project Description: *(please use a separate page if necessary)*

The Rio Vista Well Development Project proposed by California Resources Production Company involves new drill activities necessary to construct 83 new natural gas wells and associated equipment, facilities, and infrastructure on private lands within the Rio Vista Gas Field. The project encompasses approximately 141 acres and is located near State Route 12 on private lands intersected by the Sacramento and San Joaquin Rivers and various sloughs. The proposed wells would be located in three counties: 39 wells in Solano County, 32 wells in Sacramento County, and 12 wells in Contra Costa County. The Project also includes use of an existing pipeline conduit beneath the San Joaquin River, which is under the jurisdiction of the California State Lands Commission.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "**X**".
If you have already sent your document to the agency please denote that with an "**S**".
