Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: CRPC Rio Vista Well Development Project

Lead Agency: Department of Conservation, Geological Energy Management Division (CalGEM)

Contact Name: Haley Walters

Email: CEQA@conservation.ca.gov Phone Number: (916) 445-9686

Project Location: Rio Vista *City* Sacramento, Solano, and Contra Costa *County*

Project Description (Proposed actions, location, and/or consequences).

California Resources Production Corporation (CRPC) is proposing the Rio Vista Well Development Project (Project), located within the Rio Vista Gas Field, in Solano, Sacramento, and Contra Costa Counties, California (Figure 1-1). This Project includes the construction of 83 new natural gas wells, as well as associated equipment, facilities, and infrastructure, within the CalGEM administrative boundary of the Rio Vista Gas Field. The Project area encompasses approximately 141 acres within the Rio Vista Gas Field. The Project area is located near State Route (SR) 12 on land intersected by the Sacramento River, San Joaquin River, and various sloughs, with the proposed 83 natural gas well locations spanning between three counties: 39 wells in Solano County, 32 wells in Sacramento County, and 12 wells in Contra Costa County.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The following mitigation measures are proposed for the Project: Air Quality: MM AQ-1: Implement Construction Emissions Control Practices and Best Management Practices. MM AQ-2:Construction and Operations Phase Mitigation Measures – Emissions Reduction Credits. Biological Resources: MM BIO-1: Worker Environmental Awareness Program. MM BIO-2: Best Management Practices for Biological Resources. MM BIO-3: Biological Pre-Activity Surveys and Monitoring. MM BIO-4. Burrowing Owl Pre-Construction Surveys and Avoidance. MM BIO-5: Pre-Construction Swainson's Hawk Protocol Nesting Surveys. MM BIO-6: Swainson's Hawk Off-Site Foraging Habitat Management. MM BIO-7: Nesting Bird Pre-Construction Surveys and Avoidance. MM BIO-8. American Badger Pre-Construction Surveys and Avoidance. MM BIO-9. Bumblebee Pre-Construction Habitat Assessment and Avoidance Surveys. MM BIO-10: Northwestern Pond Turtle Pre-Construction Surveys and Avoidance. MM BIO-11: Preliminary Aquatic Resource Delineation. MM BIO-12: Temporary Flagging or Barrier Fencing to Protect Sensitive Habitat. MM BIO-13: Compliance with Permit Conditions for Impacts to Waters of the U.S.. MM BIO-14: Revegetation of Temporary Work Areas. MM BIO-15: Erosion Control Best Management Practices. Cultural Resources: MM CUL-1/TCR-1: Worker Cultural and Tribal Cultural Resource Awareness Program. MM CUL-2/TCR-2: Discovery of Previously Unknown Cultural or Tribal Cultural Resources. MM CUL-3/TCR-3: Unanticipated Discovery of Human Remains. Hazardous Materials: MM HAZ-1: Facility Maintenance and Inspection Program. MM HAZ-2: Adherence to Facility Consolidated Emergency Response/Contingency Plan. Noise: MM NOISE-1: Construction Equipment Noise Monitoring. Tribal Cultural Resources: MM TCR-4 Tribal Notification of Ground-Disturbing Activities. MM TCR-5 Tribal Monitoring During Ground Disturbing

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife, Regions 2 & 3
