NOTICE OF EXEMPTION

Project Title:
5228 & 5236 Marconi Avenue Lot Line Adjustment

Control Number:
PLNP2026-00122

Project Location:
5228 & 5236 Marconi Avenue

APN:
272-0172-019 and -020

Description of Project:
The project consists of a lot line adjustment between the subject parcels, addressed at 5228 Marconi Avenue and 5236 Marconi Avenue, located at the southeast corner of Marconi Avenue and Randolph Avenue in the Carmichael community of unincorporated Sacramento County. The project proposes to shift the common lot line between APNs 272-0172-019 and -020.

Name of Public Agency Approving Project:
Sacramento County – cega@saccounty.gov

Hearing Body Approving Project:
County Surveyor

Person or Agency Carrying out Project:
Julia Barbic
Streamline Home Remodeling & Construction Inc.
7405 Greenback Lane #108, Citrus Heights, CA 95610
831-359-1496
Julia@streamlineconstructioninc.com

Exempt Status:
Categorical Exemption (PRC Section 21084; CEQA Guidelines Sections 15300-15333):

- CEQA Guidelines Section 15305 – Minor Alterations to Land Use Limitations

Reasons Why Project is Exempt:
The project is a minor lot line adjustment not resulting in the creation of any new parcel. As such, the project qualifies as a Class 5 categorical exemption (Section 15305 of the CEQA Guidelines) for minor alterations to land use limitations in areas with an average slope of less than 20 percent, which do not result in any

changes in land use or density. For these reasons, there is no possibility that the activity in question may have a significant impact on the environment and is therefore exempt from the provisions of CEQA.

Section 15300.2-Exceptions

Section 15300.2 of the CEQA Guidelines, Exceptions, provides conditions under which categorical exemptions are inapplicable. Review of the Project indicates that it will not violate any of the exceptions, as described in the following section.

1. *For Classes 3, 4, 5, 6, and 11, will the project have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies?*

   The project site is already developed; there is an accessory dwelling unit on the property crossing property lines. The lot line adjustment is intended to fully make the property in compliance with development standards. The project is not located in area of an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted. Therefore, the project will not result in impacts on an environmental resource of hazardous or critical concern.

2. *Will cumulative impacts be considerable because successive projects of the same type will occur at the same place over time?*

   As it stands, the project will not result in potentially significant impacts. Therefore, no cumulative impacts will result from the project and successive projects of the same type and at the same place over time.

3. *Is there a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances?*

   There are no known unusual circumstances that will have a significant effect on the environment.

4. *Will the project result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources within a highway officially designated as a scenic highway?*

   River Road/ Highway 160 (from the Sacramento City Limits at the northern edge of Freeport to the southern tip of the Delta at Antioch Bridge) is a designated State Scenic Highway. The Project is not located within the vicinity of this scenic highway. Therefore, the project will not result in damage to scenic resources or similar resources within a highway that is officially designated as a scenic highway.

5. *Is the project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code?*

   The project site is not included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, implementation of the project will not have an impact related to being located on a hazardous waste site.

6. *Will the project cause a substantial adverse change in the significance of a historic resource?*

   The project site does not contain any historical resources.
