NOTICE OF INTENT
TO ADOPT A MITIGATED NEGATIVE DECLARATION

LEAD AGENCY: City of Mount Shasta
305 N. Mt. Shasta Blvd
Mt Shasta, CA 96067

PROJECT TITLE: City of Mt. Shasta Stormwater Management Improvement Project

CONTACT PERSON: Kim Fowler, Acting City Manager / Planning Director
(530) 408-9258; kfowler@mtshastaca.gov

PROJECT LOCATION: The project is located within in the City of Mount Shasta, Siskiyou County, California. The project area extends along McCloud Avenue, south along D Street, west along Old McCloud Road, and includes a short segment adjacent to Water Street. The project area also includes Smith Street between Mt. Shasta Blvd. and S. Washington St., and includes S. Washington St. from McCloud Avenue to Old McCloud Road.

PROJECT DESCRIPTION: The City is proposing to implement a comprehensive repair and improvement to the City's storm drainage system, as the Mt. Shasta Stormwater Management Improvement Project (project). The project is located within the boundaries of the City of Mt. Shasta, Siskiyou County, California. The project would largely upgrade and replace old deteriorating infrastructure with new facilities that are up to current standards and provide the necessary storm drain capacity to reduce or eliminate local roads from flooding during major storm events (e.g., rain, rain on snow, and/or snow melt). The project also proposes widening of South (S) Washington Drive within City right-of-way (ROW) from McCloud Avenue to Old McCloud Road. This portion of the project would provide improved stormwater drainage facilities and an improved road corridor (road, curb, gutter, sidewalk, and conform grading) to improve surface runoff capture and capacity.

FINDINGS/DETERMINATION: A Draft Initial Study of the effect of this project has been prepared, and it has been determined that there will be no significant adverse effects on the quality of the environment with mitigation incorporated; therefore, a Mitigated Negative Declaration is proposed.

PUBLIC REVIEW PERIOD: A 30-day public review period for the Draft Initial Study and Mitigated Negative Declaration will commence on November 25, 2026 and end at 5:00 pm on December 25, 2026, for interested and concerned individuals and public agencies to submit written comments on the document. Any written comments must be received within the public review period. Hard copies of the Mitigated Negative Declaration are available for review at the City Hall at the address provided above. An electronic version of the document is available online at the City website:
