Phone Number: (831) 658-5621

SUBJECT:

Filing of Notice of Determination in compliance with Section 21108 of the Public Resources Code

State Clearinghouse Number: 2004121065

Project Applicant: California American Water Company- Monterey

Project Title: Aquifer Storage and Recovery (ASR) Well No. 4 and Mercury Treatment (Project)

Project Location: 999 Cole Avenue, Seaside, 93955, APN 031-051-006-000

Project Description:

The Applicant proposes to operate the existing ASR Well No. 4 and construct and operate a Mercury Treatment System adjacent to Well No. 4 as part of their public water system.

Public Agency Approving Project: The Applicant is carrying out the Project. The State Water Resources Control Board (State Water Board), Division of Drinking Water (DDW), is the Responsible Agency for the Project. The Division of Drinking Water has issued an amended permit for the above described Project on 09/14/2023, and has made the following California Environmental Quality Act Determinations regarding the project:

1. The project will not have a significant effect on the environment. This determination is limited to the effects within the State Water Board's permitting jurisdiction as a Responsible Agency.
2. The State Water Board has considered the Environmental Impact Report prepared by the Lead Agency for the Project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of the State Water Board's approval of the Project.
4. A mitigation monitoring and reporting plan/program was not adopted by the State Water Board for the Project.
5. A Statement of Overriding Considerations was not adopted by the State Water Board for the Project.
6. Findings were not made by the State Water Board pursuant to California Code of Regulations section 15091.

A record of for the Project is available to the general public at the State Water Board, Division of Drinking Water District Office listed above. The is available from the Lead Agency.
