

NOTICE OF DETERMINATION

TO:	<input checked="" type="checkbox"/> County Clerk County of: Riverside 2720 Gateway Drive Riverside, CA 92501	FROM:	Lead Agency: City of Beaumont Address: 550 East Sixth Street Beaumont, CA 92223 Contact: Dustin Christensen Principal Engineer Phone: 951.572.3192
-----	---	-------	--

TO:	<input type="checkbox"/> Office of Planning and Research P. O. Box 3044, Sacramento, CA 95812-3044 <input type="checkbox"/> 1400 Tenth Street Sacramento, California 95814 <i>NOD submitted electronically.</i>
-----	---

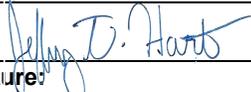

SUBJECT: Filing of Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code.

Project Title: Mesa Lift Station and Force Main Project		
State Clearinghouse Number (If submitted to SCH): 2018011029	Contact Person: Dustin Christensen, Principal Engineer	Telephone Number: 951.572.3192
Specific Project Location – Identify street address and cross street or attach a map showing project site (preferably a USGS 15' or 7 ½' topographical map identified by quadrangle name): The Lift Station and Force Main Project is located within Sections 5, 6, and 8, Township 3 South, Range 1 west as depicted on the USGS El Casco and Beaumont, California 7.5 minute topographic maps. The Lift Station is located at the southwest corner of Potrero Boulevard/Castello Lane on Assessor's Parcel Number: 414-120-031. The Force Main will be constructed in two segments. The first segment will be installed from the Lift Station Site south in the Potrero Boulevard right-of-way (ROW), within Caltrans ROW, east in Western Knolls Avenue ROW, and connect to an existing 16-inch diameter force main. The second pipeline segment will be constructed from the existing 16-inch diameter force main in the easterly extension of the Prosperity Way ROW then south in the Nicholas Road ROW to connect to an existing 16-inch diameter force main in 4th Street. Refer to attached Figure 1 –Vicinity Map and Figure 2 – Lift Station and Force Main Alignment .		
General Project Location (City and/or County): City of Beaumont, Riverside County		
Project Description: Improvements to the Mesa Lift Station includes the construction of an emergency vault with a maximum depth of 10 feet, on-site piping, valving, upgrading electrical components within the existing cabinets, and four (4) electrically driven sewage pumps. Each pump will be equipped with a 160-horsepower electric motor. The odor control system will be repaired by changing the existing media inside the system and doing a functional test. The Force Main entails construction (trenching and installation) of approximately 9,353 linear feet of 16-inch diameter polyvinyl chloride (PVC) Force Main that will be constructed in a trench approximately three feet wide at a depth of approximately 6–10 feet. The alignment for the new 16-inch diameter force main is adjacent to the active 12-inch diameter brine pipeline constructed as part of the Beaumont WWTP Project. The new force main will be constructed in two segments. The first segment will be installed from the Lift Station Site south in the Potrero Boulevard right-of-way (ROW), within Caltrans ROW, east in Western Knolls Avenue ROW, and connect to an existing 16-inch diameter force main. The second pipeline segment will be constructed from the existing 16-inch diameter force main in the easterly extension of the Prosperity Way ROW then south in the Nicholas Road ROW to connect to an existing 16-inch diameter force main in 4th Street.		

This is to advise that the (Lead Agency or Responsible Agency) approved the above-described project on January 17, 2023, and made the following determinations:

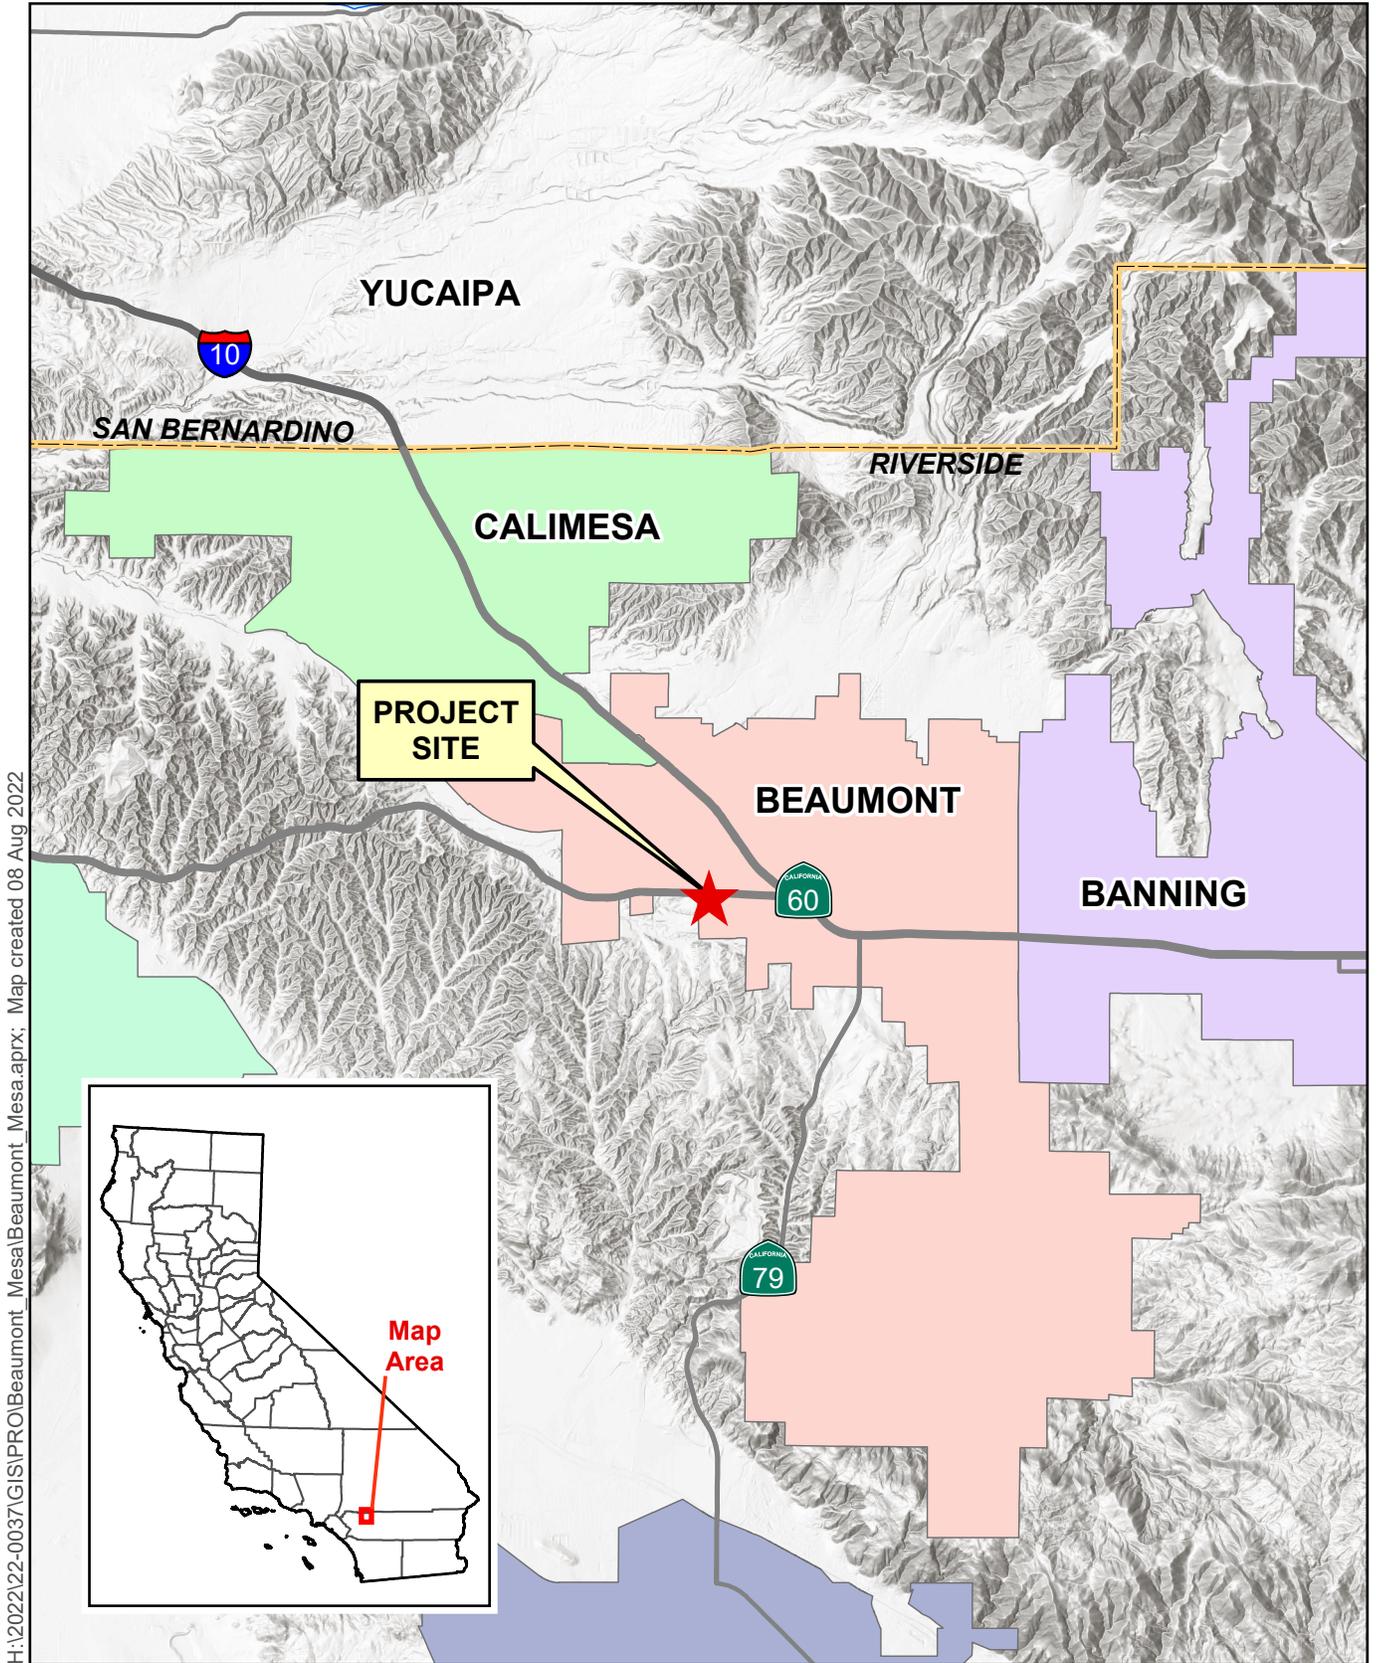

1.	<input type="checkbox"/>	The project will have a significant effect on the environment.
	<input checked="" type="checkbox"/>	The project will NOT have a significant effect on the environment
2.	<input type="checkbox"/>	An Environmental Impact Report was prepared and certified for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input type="checkbox"/>	A Negative Declaration was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input type="checkbox"/>	A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgment of the Lead Agency.
	<input checked="" type="checkbox"/>	An Addendum to the MND was prepared for this project pursuant to the provisions of CEQA and reflects the independent judgement of the Lead Agency.
3.	<input checked="" type="checkbox"/>	Mitigation measures were made a condition of the approval of the project.
	<input type="checkbox"/>	Mitigation measures were NOT made a condition of the approval of the project.
4.	<input checked="" type="checkbox"/>	A Mitigation Monitoring or Reporting Plan was adopted for this project.
	<input type="checkbox"/>	A Mitigation Monitoring or Reporting Plan was NOT adopted for this project.
5.	<input type="checkbox"/>	A Statement of Overriding Considerations was adopted for this project.
	<input checked="" type="checkbox"/>	A Statement of Overriding Considerations was NOT adopted for this project
6.	<input type="checkbox"/>	Findings were made pursuant to the provisions of CEQA.
	<input checked="" type="checkbox"/>	Findings were NOT made pursuant to the provisions of CEQA.
7.	<input checked="" type="checkbox"/>	This certifies that the location and custodian of the documents which comprise the record of proceedings for the Mitigated Negative Declaration (with comments and responses) are available to the general public at the following location(s):
	Custodian:	Location:
	City of Beaumont	550 East Sixth Street Beaumont, CA 92506
