Applicant Name	Address		Telephone / Email

Project Location (include county): The project site is located in the Railyards area of the City of Sacramento, **Sacramento County**. The site is generally east of the Sacramento River, south of the City Water Treatment Plant and North B Street, west of 7th Street, north and west of the Alkali Flat neighborhood, north of H Street between 5th and 7th streets, and northwest of 5th and I streets. Assessor Parcel Number (APN): 002-0010-079-0000.

Project Description: The Sacramento Railyards Digital Sign Program includes the construction and operation of up to five digital billboards within the Sacramento Railyards Specific Plan (RSP) Area (or Railyards Special Planning District). The proposed project consists of the two freeway-oriented digital billboards along Interstate 5 (I-5) in the western RSP Area (Locations 1 and 2). The proposed digital billboard faces will be light-emitting diode (LED)-through-hole design, with an LED pixel pitch of nineteen millimeters.

This is to advise that the City of Sacramento has approved the Site Plan and Design Review of the Sacramento Railyards Digital Sign Program, Digital Billboard at location 1 and 2 (DR26-005) project on February 20, 2026, and determined that 2016 Subsequent Environmental Impact Report and addendum adequately analyzed the impacts of the Digital Billboards Project as modified and that no additional environmental review is required. These actions are part of the Sacramento Railyards Digital Sign Program project (NOD filed January 16, 2026) that was part of the Railyards Specific Plan Update, KP Medical Center, MLS Stadium, & Stormwater Outfall (P15-040) project for which an NOD was filed on November 14, 2016:

1. The RSPU project in its approved form will have a significant effect on the environment.
2. A Subsequent Environmental Impact Report was prepared and certified for this pursuant to the provisions of CEQA.
3. Mitigation Measures were made a condition of the approval of the project.
4. A Mitigation Monitoring Plan was adopted for the project
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the CEQA section 15091.
7. An Addendum to a certified SEIR was prepared pursuant to CEQA sections 15162 and 15164 and approved.

ENDORSED
