SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2015092066

Project Title: State Route 4 Wagon Trail Realignment Project (Streambed Alteration Agreement Notification No. 1600-2020-0104-R2) Amendment #3

Project Location: The project is located along State Route 4 at post miles R10.3 - R16.4, at Black Creek, Black Creek tributaries, and Nassau Creek tributaries in the County of Calaveras, California.

Project Description: The California Department of Fish and Wildlife (CDFW) has amended Streambed Alteration Agreement Notification Number 1600-2020-0104-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, California Department of Transportation (Caltrans).

This amendment to the project description would implement additional erosion control elements in portions of a realigned tributary to Nassau Creek (NC-2). This includes re-grading the channel, placement of an additional 300 cubic yards (0.13 acre) of rock slope protection, re-seeding adjacent slopes and installation of a rolled erosion control product on the adjacent slopes. This is to advise that CDFW, acting as a Responsible Agency, executed the above-described Lake and Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.

Notice of Determination

6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the amended Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
