Project Location (include county): 2341 McAlexander Road, Hayfork (Trinity), CA 96041

Project Description: The proposed cultivation project described herein (Project) includes the cultivation of up to 10,000 square feet (sf) of mature mixed-light cannabis located in Trinity County on Assessor's Parcel Number (APN) 016-170-067-000. The applicant is seeking a Small Mixed-Light Cannabis Cultivation License from the County (CCL-501), a Small Mixed-Light Cannabis Cultivation License from the Department of Cannabis Control (CCL24-0000066, Expires on 2025-06-20) and a Distributor – Transport Only license (DCC). Existing cannabis support facilities include a permitted onsite groundwater well, nine (9) water storage tanks of varying capacity, a 120-sf shed for agricultural and pesticide storage, and a 100-sf cannabis waste and composting area. Proposed construction for this project would include a 2,400-sf building that would be designated for immature canopy cultivation and eventually serve harvest storage, processing, packaging, and administrative hold purposes; as well as installation of two (2) 8'x40' containers for drying and harvest storage and a 10'x12' office shed on previously disturbed area. Power for the project site is provided through an existing connection with the Trinity Public Utilities District's grid. A minor modification request was received on 08/06/2024 to update the Project to include the installation of two (2) 8'x40' shipping containers and a 10'x12' office shed on previously disturbed area.
