**SUBJECT:** Filing of Notice of Determination pursuant to Public Resources Code section 21108

**State Clearinghouse Number:** 2018122049

**Project Title:** Maintenance of Low Water Crossing (Streambed Alteration Agreement No. EPIMS-TRI-43964-R1)

**Project Location (Trinity County):** 180 and 210 Horseshoe Loop Road, Hayfork, CA 96041. APNs: 019-310-012-000 and 019-310-013-000.

**Project Description:** The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement EPIMS-TRI-43964-R1, pursuant to Fish and Game Code section 1602, to the project Applicant, Fue Vang.

The project is limited to a single encroachment located on Post Creek. The project consists of the maintenance of a natural ford stream crossing and approaches to minimize erosion and sediment discharge. Maintenance of the stream crossing will consist of replacing rock as needed when Post Creek is dry. Natural rock will be replaced with clean, durable angular screened quarry rock of sufficient size and placement to minimize mobilization during a 100-year storm event. The Permittee will contact CDFW prior to any maintenance activities. The stream crossing will only be utilized by motor vehicles twice monthly, during the dry season when water is not present. When water is present pedestrian traffic with hand carts and/or wheelbarrows will occur, as needed.

This is to advise that CDFW, acting as a Responsible Agency, approved the project described above on May 13, 2025 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project **will not** have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures **were** made a condition of CDFW's approval of the project.
4. A Mitigation Reporting or Monitoring Plan **was** adopted by CDFW for this project.
5. A Statement of Overriding Considerations **was not** adopted by CDFW for this project.
6. Findings **were** made by CDFW pursuant to California Code of Regulations section 15091.

The Final EIR prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as a Responsible Agency is available at CDFW's regional office.
