NOTICE OF DETERMINATION

FILING OF NOTICE OF DETERMINATION IN COMPLIANCE WITH SECTION 21152 OF THE PUBLIC RESOURCES CODE

PROJECT TITLE: Carli Expansion Use Permit Amendment

CONTROL NUMBER: PLNP2025-00130

STATE CLEARINGHOUSE NUMBER: 2018112048

PROJECT LOCATION: The project site is the southeast portion of the parcel located within the Vineyard community of unincorporated Sacramento County. The project site is located at 11509 Florin Road which is on the north side of Florin Road approximately 1,675 feet east of Eagles Nest Road and approximately 2,630 west of Sunrise Boulevard.

APN: 067-0120-073-0000

DESCRIPTION OF PROJECT: In 2020, the County Board of Supervisors approved a request for Triangle Rock Products, LLC (Applicant) to amend their existing Use Permit to expand mining operations at their Sacramento Aggregates Facility by an additional 161 acres. The expansion proposal was known as Carli Expansion (Carli Expansion, County Control Number PLNP2017-00243). As set forth in the conditions of approval for the Sacramento Aggregate Facility, mining activities will cease on February 5, 2033, and reclamation shall be completed by February 5, 2035, with monitoring continuing until February 5, 2040. The Carli Expansion proposal did not change the rate of processing or rate of production of the permitted Sacramento Aggregates Facility and is expected to have the same closeout date as the previously approved use permits. Of the 161-acre Carli Expansion area, there was an approximate 11-acre area that was to be excluded from mining activities due to the presence of wetland features. The applicant is now requesting to amend the Carli Expansion Use Permit and Reclamation Plan to include mining activities and operations on the previously avoided 11-acre site (a portion of APN 067-0120-073).

The proposed Carli Expansion Amendment (i.e., proposed project), to now include the 11-acre parcel, would not change the operations of the mine, the daily amounts for mined materials, nor change the expected dates for closeout and reclamation. Requested entitlements include the following:

1. An **Amendment to a Use Permit** (PLNP2017-00243) to allow expansion of surface mining onto an additional 11 acres, within the previously approved expansion area.
2. An **Amendment to the Reclamation Plan** to include the expanded mining area. The end use of open space and dry grazing of the Reclamation Plan will remain unchanged.
3. A **Development Agreement Amendment** between the Applicant and the County of Sacramento.

**NAME OF PUBLIC AGENCY APPROVING
PROJECT:**

SACRAMENTO COUNTY / CEQA@SACCOUNTY.NET

NAME OF PERSON OR AGENCY CARRYING OUT PROJECT: CalMat Co. dba Vulcan Materials Company 40450
E Highway 145 Madera, CA 93636 Terry Marshall marshallt@vmcmail.com / (559) 770-7793

This is to advise that the County of Sacramento (Lead Agency) has approved the above described project on August 25, 2026 and has made the following determinations concerning the above described project.

Copy To:

- ☒ County of Sacramento County Clerk, 3636 American River Drive, Suite 110, Sacramento, CA 95864
- ☒ State of California LCI, 1400 Tenth Street, Room 121 Sacramento, CA 95814

1. An **Addendum to a previously certified Environmental Impact Report** (Carli Expansion Mining Use Permit) was prepared for this project pursuant Public Resources Code Section 21166 o the provisions of CEQA.
2. The **previously certified EIR** sufficiently analyzes and mitigates for potential environmental impacts from the project, and the project will not trigger any of the criteria requiring additional CEQA review pursuant to Public Resources Code Section 21166 and CEQA Guidelines Section 15162.
3. Mitigation measures identified in the previously certified EIR **were** made a condition of approval for the project; no new project-specific mitigation measures are required.

The addendum, Final Environmental Impact Report and record of project approval are available to the General Public at the physical and internet addresses located above.
